

INSURTECH HUB MUNICH

The InsurTech Digital Hub Munich connects players from the business world and the scientific community, as well as from the entrepreneurial scene. These players are given the requisite resources to make use of the full potential of new business models. Concepts like the InsurTech Meetup, W1 Forward InsurTech Accelerator bring together

both new and established players and provide them with concrete opportunities to collaborate and drive innovation in the digitisation of the insurance sector.

Top Programmes & Opportunities:

1. FIN:SURE

A one-month innovation sprint at the intersection of finance and insurance. In dedicated challenges teams collaborate on exploring new ways to redefine the customer journey. The teams are supported by strategic partners NTT Data, SAP Pioneer, Microsoft and Oliver Wyman.

Target group: Start-ups

2. H+ Innovation Programme

H+ is a cross-sector innovation programme with a focus on digital health solutions. It stimulates interdisciplinary collaboration by bringing people together and networking. It accelerates start-ups through a modular curriculum, customised mentoring and networking activities. The complementary partners are InsurTech Hub Munich and dmac – Medical Valley Digital Health Application Center.

Target group: Start-ups

3. Concierge Service

With the Concierge Service, the Hub briefs start-ups in advance about the specific interests and challenges of the respective insurer/corporate and gives them tips on how they should position themselves. Through this approach, the Hub creates an open discussion atmosphere at eye level, through which new ideas and approaches can also emerge (co-creation).

Target group: Start-ups
