DIGITAL HEALTH HUB NUREMBERG

The Digital Health Hub Nuremberg builds upon the structures already in place and, by consistently carrying out digitisation measures, breaks apart established processes in the healthcare industry. The aim is the continued improvement of healthcare quality through the stimulation of growth in the healthcare market.

Address
Zollhof – Tech Incubator
Kohlenhofstrasse 60
90443 Nürnberg

Scientific institutions

+25
Employees

Top Programmes & Opportunities:

1. Start-up Support Programme
The incubator hast no fixed curriculum, but a completely personalised programme, regardless of whether it's about imparting know-how through coaching, mentoring or deep dive expert sessions, providing access to the (health) ecosystem or offering visibility through PR and pitch opportunities.

Target group: *Corporates, Start-ups*

2. Talent Programme
A three-month digital innovation programme (20h/week), that helps to explore and experience how start-ups innovate and apply the Design Thinking framework to tackle real-world challenges of large corporations. The programme covers topics such as e-mobility, digital health and IoT.

Target group: *Students*

3. HackIBay Hackathon
A very tech-focused coding two-day event where coders, designers and business enthu-siasts work on challenges to create innovative solutions. At the end of the event the ideas, and ideally the prototypes, will be pitched and judged by a jury.

Target group: *Hackers, Engineers, Business Enthusiasts*
